ABOUT OUR COMPANY

Balaji Panel Craft ISO 9001 2015 certified company started in the year 1995, 28 years back & now a renowned supplier in the field of furniture manufacturing, Commercial & and residential interiors, and wind blade manufacturing. We specialize in providing high-quality Core kits for Wind Blade manufacturing, initially, we started with one wind blade & we have now progressively now increased to six blade types i.e 62.2,77.4,64.6,68.7,71 and 76.5.

From 2021 we have been processing the 3D Modelling Foam which is a complicated design and now we are processing 4 types of 3D Modelling foam for the Wind blade.

Balaji Panel Craft takes pride in its commitment to delivering exceptional products that meet the diverse needs of its clients. They offer a wide range of options.

With an emphasis on quality, Balaji Panel Craft sources their materials from trusted suppliers and utilizes advanced manufacturing techniques to ensure durability and precision in their products. Their team of skilled craftsmen ensures that each product is meticulously crafted to meet the highest standards.

In addition to our standard offerings, Balaji Panel Craft also offers customized solutions tailored to specific project requirements. Whether it's a unique design or special dimensions, they strive to fulfill clients' vision.

With our customer-centric approach, Balaji Panel Craft provides excellent service and support throughout the entire process, from initial consultation to post-sale assistance. They are dedicated to building long-lasting relationships with their clients, ensuring their satisfaction at every step.

OUR HISTORY

Furniture manufacturing

2000
